Love me for who I am  
Love me for who I am  
Love me for who I am  
I'm yours

Love me for who I am  
Love me for who I am  
Love me for who I am  
I'm yours

I regret what I said  
I was scared and upset  
And i've made a mistake  
I accept all the blame  
And I lied  
Sorry, forgive me  
Please

And I know i betrayed  
Every fault that I made  
And the pain that i caused  
All the promises lost  
Yes I lied  
Sorry, forgive me

Won't you please just love me  
And hold me  
And tell me you forgive me  
Love me and hold me  
I'm sorry  
Won't you please forgive

Love me for who I am  
Love me for who I am  
Love me for who I am  
I'm yours

Love me for who I am  
Love me for who I am  
Love me for who I am  
I'm yours

I regret what I said  
I was scared and upset  
And i've made a mistake  
I accept all the blame  
And I lied  
Sorry, forgive me  
Please

And I know i betrayed  
Every fault that I made  
And the pain that i caused  
All the promises lost  
Yes I lied  
Sorry, forgive me

Won't you please just love me  
And hold me  
And tell me you forgive me  
Love me and hold me  
I'm sorry  
Won't you please forgive
