I know I'm a small town girl from nowhere
But I'm making it
You don't know how hard it was for me

I wish that I was older when I met you
Looking back now
Maybe you were my best therapy

A ticket on a greyhound bus
The total sum of both of us
It's turned into a limousine
And you walk right back into my dreams

Just when I was totally exposed
You left me in the cold
And walked right out of here
(Walked right of here)

You just had to be so smart
You denied my heart
When I wanted you the most
You left me baby
(Totally exposed)

Now you want some closure for your actions
A Disney ending
But you know I'm out of empathy

I got my life back I got my freedom
I'm not wasting it
You won't be the one defining me

I'm not the one who said goodbye
Who left me there so high and dry
You're not my future you're my past
At least I'm glad you've changed
You're mind at last

Just when I was totally exposed
You left me in the cold
And walked right out of here
(Walked right of here)

You just had to be so smart
You denied my heart
When I wanted you the most
You left me baby
(Totally exposed)

Now you walk right back into my dreams

Just when I was totally exposed
You left me in the cold
And walked right out of here
(Walked right of here)

You just had to be so smart
You denied my heart
When I wanted you the most
You left me baby

Just when I was totally exposed
And walked right out of here

You just had to be so smart
You denied my heart
When I wanted you the most
You left me baby
(Totally exposed, totally exposed)

Totally exposed
Totally exposed
Totally exposed
Exposed
