I guess, I didn't read the sign at all
You call me, darling, say that you're in love
But it doesn't feel like you mean it

Although I've never been in love before
I'm sure it must be so much more than this
'Cause I've never been so unhappy

Everything's wrong and backwards
Upside down, ahh
I'm letting you touch me but I'm cold inside
This ain't right

Sorry, I'm sorry that it's over now
We stand alone and we know it's gone
Can't live without love

It's hard for me to know that you'll be sorry
And I don't wanna see you cry
No matter what I say, no matter what I do
You'll be sorry anyway

I still remember how I felt that night
The stars were out and made it all seem right
I guess I fooled myself into falling

Without a shadow of a doubt
I looked straight into his eyes and that was the night
And I really do miss that feeling

Everything's wrong and backwards
Upside down, ahh
I'm letting you touch me but I'm cold inside
This ain't right

Sorry, I'm sorry that it's over now
We stand alone and we know it's gone
Can't live without love

It's hard for me to know that you'll be sorry
And I don't wanna see you cry
No matter what I say, no matter what I do

You'll be sorry anyway

I don't know how to be strong when it's over
Can't face the lonely hour
It feels so wrong but it's right to tell you now

Oh, I don't know why I just wanna to cry
Oh why? It's time to let go but I want you to know I'm

Sorry, I'm sorry that it's over now
We stand alone and we know it's gone
Can't live without love

It's hard for me to know that you'll be sorry
And I don't wanna see you cry
No matter what I say, no matter what I do
You'll be sorry anyway
