Lets keep the fire burning  
Don't let go I think we got a chance babe  
So, don't put up the glow  
Cause I believe in us  
Unleas't u say, but I don't feel it no more  
It's just another game u play

But if u really want me  
To stay be close to you  
Better show me baby  
Show what love can do

Chorus:  
U say u love me  
But words are not enough  
I wanna feel, feel it's real  
Feel the magic when we touch  
U say u want me  
But words are not enough  
I want bring back for good  
Bring back what we have lost

All the time I've waited on my own  
I started thinking baby  
I better off alone  
But I still feel for you  
I wish I could let go  
Starting wishful thinking  
Love can make us grow

(But if u really want me) really love me  
(Please stay close to me) will u stay?  
(Better show me baby) show what love can do?

Repeat Chorus

I try to reach you  
And I try to feel you  
Won't you close tonight? (ooo..)  
But, it seems you keep avoiding me now  
Given up all somehow

And now I'm lost

Repeat Chorus
