Same old classic story, we're back here once again
We never seem to enjoy anything until the very end

Oh, all I wanna do is make it right and run back to you

I'm such a sinner, you're such a star
I'm no beginner, so set the heaven on fire
When there's no turning back from who we are
No matter what we're through
I'm gonna run to you

We used to fool around every night,
live like a virgin everyday
Now everything's so out of control
and I'm just an old cliché

Oh, hold on, wait and stop, there's just one thing that
you should know
All I wanna do is make it right and run back to you

I'm such a sinner, you're such a star
I'm no beginner, so set the heaven on fire
When there's no turning back from who we are
No matter what we're through
I'm gonna run to you

(Run, run, run, run, run)
Yeah, I'm gonna run to you
(Run, run, run, run, run)
I'm gonna run to you
(Run, run, run, run, run)
I'm gonna run to you

Well I can stand and wait, start a fight, climb the
Empire State
I'm ready, steady, go even though you're still miles
away
I wanna, I need to, I'm gonna run to you

I'm such a sinner, you're such a star
I'm no beginner, so set the heaven on fire

When there's no turning back from who we are
No matter what we're through
I'm gonna run to you

(Run, run, run, run, run)
Yeah, I'm gonna run to you
(Run, run, run, run, run)
I'm gonna run to you
(Run, run, run, run, run)
I'm gonna run to you
(Run, run, run, run, run)
Yeah, I'm gonna run to you, yeah
