To you I'm just another silhouette  
Standing in the corner smoking cigarettes  
It's not the way you look it's just the way you move  
I'm gonna give you something better to do  
I think I'm going...

To you I'm just another silhouette  
You are something that I never ever can get  
Don't need a photo cause I'll never forget  
I'm just a silhouette

Oh, can't you see what you're doing to me  
I can't just erase you from my memory  
It's not the way you look it's just the way you're movin  
(You're movin away)  
But I'm gonna give you something better to do  
I think I'm going...

To you I'm just another silhouette  
You are something that I never ever can get  
Don't need a photo cause I'll never forget  
I'm just a silhouette  
To you I'm just another silhouette  
You are something that I never ever can get  
Don't need a photo cause I'll never forget  
I'm just a silhouette

Hoe, you make me so cruel and selfish  
Bitter and unclean  
I'll even stop the nicotine  
If you ask me  
Now I wish I'd never met you  
And the way you move  
I just wanna keep it tight  
I know that it's not right  
To fall for girls  
Who always try to fight  
You make me fall back again

To you I'm just another silhouette  
You are something that I never ever can get

Don't need a photo cause I'll never forget  
I'm just a silhouette  
Can't you see what you're doing to me  
I can't just erase you from my memory  
It's not the way you look  
It's just the way you move  
And I'm gonna give you something better to do  
I think I'm going...
