My heart is like an artichoke - I eat petals  
myself one by one - Until I feel enough - Until  
I lose to laugh -When I end to eat the last one  
I will tear my drops -I will lose my lips - Though  
I can't stop plucking off - I can't see my core  
I keep asking for you more and more - Can you  
peel my petals one by one - Your hands are  
like a rusty knife - Are you gonna keep on  
peeling me? - Are you gonna keep on peeling  
me? - Are you gonna keep on peeling me?  
What am I gonna be on the pan? - Will I be burnt  
black? - Can you squeeze a lemon on me?  
Baby ... Baby... -Everything You wanna feel  
Baby... Baby... -Everything You wanna taste  
Baby... Baby... - Everything You wanna feel  
Baby... Baby... - Everything You wanna taste
