Every moment, when i look into your eyes
It drives me out of my mind
And you don't even realise
Everytime you walk into a crowded room, all i see is
you
Tell me why

When i touch you it's just so easy to recognise.
How much i love you
you know i get a rush inside
it's the smile you put upon my face
When i see you at the end of the day
When i'm holding you
ooh, you make me feel sometimes like

All the love i ever had will never,
equal all teh love we shared together
never have i fel this way, afraid and yet amazed
you are the one
Babe, you're all the love in the world

Feel you breathing, when i'm lying in the dark with you
You read my intentions
everytime i try to play it cool
You've given me a chance to be as crazy as i can
i can't express,
the way you make me feel so right

Chorus

My ordinary life no longer colors blue,
It's because of you
And baby when i look at you

it's like a moment lost within time
and no reason, no reason
will define the meaning of the lightness in you
You're the one

Chorus
