There's a lover's moon tonight  
As I look back over my shoulder  
All the stars are shining bright  
Just like the nights when I used to hold her  
She's out there somewhere under the lover's moon

Lover's moon, won't you shine on me?  
I'm dancing with a memory  
I wish I may, I wish I might  
Have one last chance to hold her tight  
Waiting, I know she's waiting  
I know she waits for me under the lover's moon.

There's a lover's moon tonight  
Shining down on half of this world  
So many souls are in it's light  
But for me there is just one girl

And she's waiting, I know she's waiting  
I know she waits for me under the lover's moon  
Under the lover's moon
