One step behind don't make you what you're worth  
Blue collar pride, breathing that salty earth  
Pay every price, can't keep that dollar bill  
It ain't much desire when you're done, lost your will

Talkin' 'bout bad times  
Here in these sad times

Too old to try, ain't young enough to split  
Cop what you can, get yourself over it  
That border line don't really bother me  
It ain't what you are, it's what you got to be

Talkin' 'bout bad times  
Here in these sad times  
That six and one, better than nothing at all  
Not for the break that don't ever come

Talkin' 'bout bad times and bad times  
Can you dig it?  
Talkin' 'bout bad times and bad times  
Gonna get you old

Talkin' 'bout bad timin', bad timin'  
Bad times, and bad times  
Gonna get you old

Don't pray enough to spend the night and wait  
Standing too long before it's gets far too late  
That ain't your pride, don't burn no candlelight  
Ain't not a trip, you got to get old to die

Talkin' 'bout bad times  
Here in these sad times  
That six and one, better than nothing at all  
Not for the break that don't ever come

Talkin' 'bout bad times and bad times  
Can you dig it?  
Talkin' 'bout bad times and bad times  
Gonna get you old

Talkin' 'bout bad timin', bad timin'  
Bad times and bad times  
Gonna get you old

Talkin' 'bout bad times  
Here in these sad times  
That six and one, better than nothing at all  
Not for the break that don't ever come

Talkin' 'bout bad times and bad times  
Can you dig it?  
Talkin' 'bout bad times and bad times  
Gonna get you old

Talkin' 'bout bad timin', bad timin'  
Bad times and bad times  
Gonna get you old

I'm talkin' to you, you're talkin' to me  
In these sad, sad times

Bad times, bad times  
Can you dig, dig, dig, dig, d, dig it  
Bad times, bad times  
Can you dig, dig, dig, dig it

Bad times, bad times  
Can you dig, dig, dig, dig, d, dig it  
Bad times, bad times  
Can you dig it?

Let's talk about good times, good times  
Can you dig it?  
Let's talk about good times, good times  
Can you dig it?

Let's talk about good times, good times  
Can you dig it?  
Let's talk about good times, good times  
Can you?
