Keep fallin' deeper in love
Keep fallin' deeper in love

When it comes to love I've got to be for real
I never hesitate to show just how I feel
For too often my heart's been filled with pain
And it seems I'll never learn to play the game

Girl, in my deepest thoughts
How I wonder if your heart is true
There is a chance it's not
Still I just can't help thinking of you, and I

Keep fallin' deeper in love
Deeper in love, deeper in love with you
Keep fallin' deeper in love

At times I ask myself just what I'm lookin' for
Girl, I find it all in you and so much more
There can be no doubt that you're the one I need
Open eyes will see the signs are there to read

I've got to find a way
To break through this dark cloud of indecision
My heart says play it safe
But I'd rather find out what I'm missing, so I

Keep fallin' deeper in love
Deeper in love, deeper in love with you
Keep fallin' deeper in love
Sinkin' deeper, no matter what I do

Keep fallin' deeper in love
I won't let love slip through my hands again
Keep fallin' deeper in love
This time I'm holdin' on to love, woo...hoo...hoo...

I'm fallin' deeper
Fallin' deeper

I was so lost in pride

So afraid one day I'd have to face rejection
But now I realize
That it hurts more to lock love inside, and I

Keep fallin' deeper in love
Deeper in love, deeper in love with you
Keep fallin' deeper in love
No matter what I do, said I

Keep fallin' deeper in love
Love's really got me hooked this time
Keep fallin' deeper in love
I'm fallin' deeper in love, said I

Keep fallin' deeper in love
Deeper in love, deeper in love
Keep fallin' deeper in love
I won't let love slip through my hands again

Keep fallin' deeper in love
Ooh...hoo...hoo...
Keep fallin' deeper in love

Keep fallin' deeper in love
