Girl I've known you very well
I've seen you growin' every day
I never really looked before
But now you take my breath away

Suddenly you're in my life
A part of every thing I do
You got me working day and night
Just tryin' to keep a hold on you

Here in your arms I found my paradise
My only chance for happiness
And if I lose you now, I think I would die
Oh, say you'll always be my baby, we can make it shine
We can take forever just a minute at a time

You are
More that a woman
More that a woman to me, baby
More than a woman
More than a woman to me
More than a woman

There are stories old and true
Of people so in love like you and me
And I can see myself
Let history repeat itself

Reflecting how I feel for you
And thinkin' 'bout those people then
I know that in a thousand years
I'd fall in love with you again

This is the only way that we should fly
This is the only way to go
And if I lose your love, I know I would die
Oh, say you'll always be my baby, we can make it shine
We can take forever just a minute at a time

You are
More that a woman
More that a woman to me

More than a woman
More than a woman to me
More than a woman

More that a woman
More that a woman to me
You are, more than a woman
More than a woman to me

More that a woman
More that a woman to me
You are, more than a woman
More than a woman to me

More that a woman
More that a woman to me
You are, more than a woman
More than a woman to me
More that a woman
