Never gonna miss it
The love I never had
Never gonna miss it
The love I never had
Never gonna miss it

You've been coming home a little later
And you never feel like saying where you've been
You know I tried to make some conversation
But I guess the things I say are wearin' thin

You never needed me, I only see it now
But I can live alone, girl you taught me how
And I wish that I could say I'm gonna feel so sad
But I just can't miss the love I never had

Never gonna miss it
The love I never had
Never gonna miss it

When I was reachin' out you didn't want me
But at least I know I gave it one good try
Gonna pack my bags then I'll be leavin'
You don't have to stay around to say goodbye

Oh, any fool can see it's over and it's done
It really ended girl, before it had begun
And I wish that I could say I'm gonna take it bad
Oh, so bad, so bad, but I just can't miss the love I never had

Oh and I wish that I could say I'm gonna feel so sad, so sad
But I just can't miss the love I never had

Never gonna miss it
The love I never had
