She looks like she's been 'round the world  
In a couple of days  
A dead flower in her hair  
And dirt on her face  
And she says "One of these days I'll do something  
right"  
As the light bounces around in her eyes

Chorus  
And I may be a voodoo doll sin  
Excuse for a man, but I know  
All of my life  
I'll give you endless symphonies  
All through the night  
I will make all your lies come true

Flying high above my head  
There's a balloon  
It's jagged path caught by the wind  
A little too soon

And she says "I'll be the string that gets  
Caught in the trees"  
And she smiles all the while  
Time seems to freeze

Chorus

In between second thoughts  
You've landed me in pain again  
And I just can't walk away  
From these troubled times  
And leave you here

Guitar Solo

All of my life  
I'll give you endless symphonies  
All through the night  
I will be waiting...(I will be waiting)

All through the night  
I'll give you everything  
All your life
