The sheets, the dirt, the talks,  
The fucks, the laughs, the moans  
Girl, I just can't let it go  
Your sweet braids, your nails, your toes,  
Your bum, your taste, your moans  
Girl, I just can't let it go

You said I want you  
In the sweetest tone I ever think I heard  
I just can't be sane  
Here I am in bed all stripped about to dip my toes to  
deep

The sheets, the dirt, the talks,  
The fucks, the laughs, the moans  
Girl, I just can't let it go  
Your sweet braids, your nails, your toes,  
Your bum, your taste, your moans  
Girl, I just can't let it go

We need to stop, on the moans  
This can't be right, we're not suppose to ride  
How did we end up in this girl  
Your fingers in my mouth  
What's this, girl?  
Could you please explain?

The sheets, the dirt, the talks,  
The fucks, the laughs, the moans  
Girl, I just can't let it go  
Your sweet braids, your nails, your toes,  
Your bum, your taste, your moans  
Girl, I just can't let it go

Hold!  
You're not my woman  
Gotta be a mistake  
I spit on the things we had  
Not even a fall will make a change  
We won't be happier  
No, we won't

I don't wanna let go

The sheets, the dirt, the talks,  
The fucks, the laughs, the moans  
Girl, I just can't let it go  
Your sweet braids, your nails, your toes,  
Your bum, your taste, your moans  
Girl, I just can't let it go

The sheets, the dirt, the talks,  
The fucks, the laughs, the moans  
Girl, I just can't let it go  
Your sweet braids, your nails, your toes,  
Your bum, your taste, your moans  
Girl, I just can't let it go

Like I said  
I see it, I need it, I mean it
