Ti se spune des ca poate nu e timpul tau,
De asta cateodata in viata ta, e mai putin bine, mai mult rau.
In mare parte au dreptate,
E un timp pentru toate, un timp pentru toate...

Refren:

E un timp cand ai si un timp cand ceri
Si un timp cand trebuie sa speri,
E un timp cand stai si un timp cand pleci
Si un timp cand peste toate treci.
E un timp cand vrei si un timp cand poti
Si un timp cand esti uitat de toti,
Dar oricine ai fi, oriunde esti,
Oricand e timpul sa iubesti...
Oricand e timpul... (sa iubesti...)

II:

It tells you often that it's not your time yet
You have to believe, with surety, it'll be someday
As a rule know, they're right
It's a time for all/everyone, a time for all/everyone...

Refren:..

III:

Even if you live in black & white, no one can stop you from dreaming in color, oh no
& try to be what you want even if you've tried so many times
They're right when they say, at all their time,
You have to know that you don't fail, if you love the whole time
Because anytime is the time for you to love
