"Those Three Words"

I'm a man, I'm not so hard to understand
I'm actually quite simple, from my head down to my toes
I don't hide whatever's on my mind
Except when it comes to those three words. Yeah, those
You wonder why you don't hear it as much as you want
But just because I don't say it, it doesn't mean that I don't
That I don't! And know that Iâ€¦

Chorus

I try so hard, but I can't make it through
I guess it's not something men can easily do
Still I will try to whisper it to you: I lo...

I'm a man, my DNA's not my friend
When it comes to those three words, you see
I can bet that this was also the case
For a lot of guys before me
All my ancestors had to hunt, had to fight, had to invent
The wheel and the bulb and the TV
and the leather jacket with spikes and all the gear
So they didn't have time to say the words
every woman loves to hear
But know that Iâ€¦

Chorus

I'm begging you, just give me
As much credit as you would give a dog,
A dog that loves you even if he doesn't talk to you!
If you wanna feel those butterflies
Please, just look into my eyes!

Chorus

Still I will try to whisper it to you: I lo ...
Man, that's tough!

Still I will try to whisper it to you: I love you!
