Refren:

Nu esti unde esti cand esti cu mine  
Oriunde ai fi sper ca esti bine  
Te uiti prin mine si traiesti acolo unde esti  
Nu stiu cine esti cand esti cu mine,  
Nu stiu cine sunt cand sunt cu tine,  
Oricine am fi nu suntem noi,  
Traim o viata in doi,  
Fara noi.  
Viata fara noi...

I:

Maybe someone switched lives with me without my knowledge  
And now he's living in my shoes, happy, as I should have been  
That's how I could explain my permanent feeling that it's not my life  
Yes, no, this is not my life...

Refren:..

II:

Without him wanting it, without me wanting it I ended up  
Not waiting anymore, I'm not waiting anymore, I am no longer waiting for an answer  
Anyway, there's nothing you can say or do  
Even though, if you smiled a little bit  
Anyhow it wouldn't change anything  
Because anyway my life is being lived by someone else.
