Well we're going to, yeah we're going to
Get it right this time.
We're going to really going to
Raise it to the sku.
People are ready to forgive a few mistakes
But let's get started, form a party
Don't you know how long it takes!

C'mon people let the fun begin.
We've got a future and it's rushing in.
Call all the minstrels from the ancient shrine.
Pass down the message that it's right this time.

Well I'm trying to, yeah I'm crying to
Lay it on the line.
We're trying to, really dying to
Get it right this time.
So many yearning for the way it's gonna be.
Believe it when you see it happening to you.,
You know it's real.

C'mon people let the world begin.
We've got a future and it's charging in.
We'll make the best of all we have, and more.
We'll do what never has been done before.
Oh yeah.

Well I'm going to, yeah I'm going to
Get it right this time.
I'm going to, really going to
Raise it to the sky.
I must admit I may have made a few mistakes,
But let's get started, from a party
Don't you know how long it takes!

So c'mon people let the fun begin.
We've got a future and it's rushing in.
Call all the minstrels from the ancient shrine.
Pass down the message that it's right this time.
Oh yeah.

C'mon people let the world begin.
We've got a future and it's charging in. Now C'mon
people.
