Golden earth girl, female animal  
Sings to the wind, resting at sunset  
In a mossy nest  
Sensing moonlight in the air  
(Moonlight in the air)

Good clear water friend of wilderness  
Sees in the pool her own reflection.  
In another woeld  
Someone over there is counting.

Fish in a sunbeam,  
In eggshell seas.  
Fish in a sunbeam.  
Eggshell finish.

Natures lover climbs the primrose hill,  
Smiles at the sky watching the sunset  
From a mossy nest.  
As she falls asleep she's counting ...

Fosh in a sunbeam,  
In eggshell seas.  
Fish in a sunbeam.  
Eggshell finish.
