He's just a young boy
Looking for away to find love
It isn't easy, nothing you can say
Will help him find love
He's got to do it for himself
And it can take so long
He's just a young boy
Looking for a way to find love

He doesn't need another helping hand from someone
But don't you think he doesn't understand what he
wants Someone
Though independence means a lot
He's got to still be strong
He's just a young boy
Looking for a way to find love

Find love, a perfect combination
Find love, whatever you do
Find love, a cause for celebration
Then I might come looking
Come looking for you

Find love, a perfect combination
Find love, whatever you do
Find love, a cause for celebration
Then I might come looking
Come looking for you

He's just a young boy
Looking for away to find love
It isn't easy, nothing you can say
Will help him find love
He's got to do it for himself
And it can take so long
He's just a young boy
Looking for a way to find love

Find love, a time for meditation
Find love, a source of inspiration
Find love, instead of confrontation

Find love
And love will come looking for you
