Jaded, miscalculated
Now you're tiring
What are you hiding
Something's going on
Why can't you see
Something's going on
Face like the enemy
Something's going on
Why can't you see
Something's going on
Faith I'm losing

(Chorus)

Could you ever be persuaded
I am what I am
I could never be that way oh no
Oh yeah, here I go again

Cruising through your mind I cannot see
That these four walls are suffocating me
Something's going on
Seems like forever
Something's going on
It's now or never
Something's going on
Seems like forever
Something's going on
Sleep I'm losing

(Chorus)

Tell me all the things you want
Tell me all the things you want
Make me understand

(Chorus)

Why can't you see
Something's going on
Face like the enemy
Something's going on

Why can't you see
Something's going on
Faith I'm losing
Something's going on
Seems like forever
Something's going on
It's now or never
Something's going on
Seems like forever
Something's going on
Sleep I'm losing
