Times are tough on an honest heart  
People don't follow through with what they start  
Lyn' eyes looking at me up and down  
Makin' talk that's only cheap  
Makin' promises they never keep  
But i keep looking for what i still haven't found

Chorus:

One honest heart  
That i can believe in  
Two lovin' arms that will never let me go  
One good man that i can count on  
It shouldn't be so hard  
Finding on honest heart  
Now i've been close a time or two  
I thought i saw my dream comin' true  
But i was just livin in a fairy tale  
I won't play the fool again  
I won't play a game that i can't win  
But i still have faith and i keep tellin' myself  
There's.....

Repeat chorus

I don't think i'm asking too much  
Just once in my life i want to be touched by....

Repeat chorus

One good man  
One honest heart  
One good man  
One honest heart
