Oh, you've sold me you hold me  
You've told me I'll be getting all your love  
You can go wrong  
If you hold on for so long  
Just because you have to give up  
Do I love you ooh ooh I'm afraid I do  
Do you love me, once upon a time  
I was sure I knew  
Chorus:  
I don't like what I been thinkin'  
If it's true, oh, you know I'm a fool  
Face to face you promise me forever  
But the ring's still sitting in a store downtown  
And I'm still sitting here  
Waitin' for the deal to go down  
I get lonely and lonely is only  
The hardest way to spend the night  
Then you call me  
You call me and stall  
And swear you're gonna make it right  
So I hang on  
Oh that's just the way things are  
But the pay off I been waitin' for  
Just might break my heart  
Repeat Chorus

Bridge:  
Is there someone out there I don't know about  
Convince me baby beyond a shadow of a doubt  
I don't like what I been thinkin'  
If it's true oh you know I'm a fool  
Face to Face you promise me forever  
But the ring's still sitting in a store downtown  
And I'm still sitting here  
Waitin' for the deal to go down  
Waitin' for the deal to go down
