Long ago, far away  
I felt your lovin glow upon my face  
Was it a dream or just a promise made  
What is my destiny

Someday Ill find a way to shine  
Leave all these rainy days behind  
I know theres got to be  
Some place warm and bright for me  
Im running out of places I can run  
Looking for a place in the sun

Darkness hangs overhead  
Close to the point where angels fear to tread  
I close my eyes and think of you instead  
And pray youll be here soon

Someday Ill find a way to shine  
Leave all these rainy days behind  
I know theres got to be  
Some place warm and bright for me  
Im running out of places I can run  
Looking for a place in the sun

Sometimes it feels like this whole worlds against me  
And every beaten path  
Is just another winding road that tempts me  
Far from you and all thats true  
Ive got to find my way again

Someday Ill find a way to shine  
Leave all these rainy days behind  
I know theres got to be  
Some place warm and bright for me  
Im running out of places I can run  
Looking for a place in the sun

Yeah Im running out of places I can run  
Looking for a place in the sun  
Oh, wont you shine down on me Sunshine?
