Some people say I'm one of those guys with blessings  
in life overlooked  
Sometimes I feel like the tatter torn pages of some old  
paperback book  
All the places I've played and the money I've made Still  
I've got nothing to show  
And the only thing that I have left in the whole wide  
world Is you  
You put your whole life into somethin' you love and you  
never get that one big break  
Gotta take you out of the back street bars and put you  
on center stage  
But a million tears and a million beers have just about  
washed me up  
And the only thing that I have left in the whole wide  
world is you

I gave it all I had every night for all these years pourin'  
out my soul  
'Til it was gone  
I spread myself so thin And I'm just barely hangin' on  
But tonight I'm with you and you can carry me through  
Just love me  
'Cuz the only thing that I have left in the whole wide  
world is you  
I gave it all I had every night for all these years  
Pourin' out my soul til it was gone  
I spread myself so thin and I'm just barely hangin' on  
But tonight I'm with you and you can carry me through  
Just love me  
'Cuz the only thing that I have left in the whole wide  
world Is you  
Oh, is you
