I couldn't help but overhear you talkin' to yourself  
How she slipped right through your hands  
And in between all of the four letter words  
You said you're never gonna understand

You gave her everything you thought she wanted  
Now all you want is gone  
You're just one of many broken hearted  
Wonderin' what went wrong

Welcome to the club  
Don't be thinkin' you're the only one  
Whose heart was in a hit and run  
While you looked the other way  
As you're howlin' at the moon  
Take a look around the room  
At all your fellow fools of love  
Welcome to the club

Over in the corner is old Larry John  
Gettin' over wife number two  
And sittin' next to him is a regular here  
They're as lonely as me and you  
We got one thing in common when we walked in  
A memory we're tryin' to kill  
Swearin' up and down we'll never try again but We  
know we will  
Welcome to the club  
Don't be thinkin' you're the only one  
Whose heart was in a hit and run  
While you looked the other way  
As you're howlin' at the moon  
Take a look around the room  
At all your fellow fools of love  
Welcome to the club

Welcome to the club  
Welcome to the club  
Welcome to the club  
Welcome to the club
