She walks over to him and she says  
Do you remember me  
I think we might've met somewhere before  
Southern Carolina is the place that comes to mind  
But hey I guess you never really can be sure  
Oh there's nothing like a true love  
To go and make a fool of someone  
Just like before  
And right there for a minute  
I forgot that you don't love me anymore  
Then an old familiar feeling  
Wraps its arms around the moment  
And he says so many times I've tried to call  
Well you'd think it's been a lifetime  
It's been two years since I've seen you  
But it seems just like no time's gone by at all  
Oh there's nothing like a real love  
To give you back the feel of someone  
Just like before  
And right there for a minute  
I forgot that you don't love me anymore  
Oh and how far we'll travel  
For a place to heal our hearts  
We watched it unravel  
To why's tonight the hardest part  
Then he says the weather's changin'  
And it's icin' up the highway  
So I guess it's time for me to hit the road  
So she says good-bye and then before  
She knows what she is sayin' she says  
I wish you didn't have to go  
Oh there's nothing like a true love  
To go and make a fool of someone  
Just like before  
And right there for a minute  
I forgot that you don't love me anymore  
And right there for a minute  
I forgot that you don't love me anymore
