i got nothing better to do than to shoot some pool

im lining up shots im looking so cool

i sink the yellow ball and the sun comes up the nights
all gone

gonna grab a coffe cup wish my stick was straight
might help my shots

aw to late i already lost always showoffs everyday

i hope no assholes are playing today

im a hustler dont you know

im a hustler making that dough

im a hustler playing all night

im a hustler well alright
