I need a new life
Wasted my own
Deal with the devil
Devil you know

Cos I need direction
Where do I go from here?
I need direction
Where do I go from here?

The truth lies in honesty
The truth lies in honesty
I know, I know
The truth lies in honesty
The truth lies in honesty
I know, I know
Oh it's hard to believe there's nobody else but you

I need a new life
Time on my own
Need some perspective
To fix what is broke

Oh I need direction
Where do I go from here?
I need direction
Where do I go from here?

The truth lies in honesty
The truth lies in honesty
I know, I know
The truth lies in honesty
The truth lies in honesty
I know, I know
Oh it's hard to believe there's nobody else but you
