Yea [x5]

I'm lookin' down on y'all and I'm so high
I'm in my spaceship it's 'bout to go down
You can come along and bring a friend
Let's all be friends, all be friends.

I'm lookin' down on y'all and I'm so high
I'm in my spaceship it's 'bout to go down
You can come along and bring a friend
Let's all be friends, all be friends.

I'm in my spaceship and I'm so high
I'm lookin' down at y'all and I'm so fly

So shawty you know what it is 'bout
I got some business I feel we need to see 'bout.
I'm gon' bring my friends you can bring yours
Nobody knows what goes on behind closed doors

I'm wit you, you wit it, let's make it happen
I'll be the copilot you can be the captain
Just, you, me, and she.

I'm lookin' down on y'all and I'm so high
I'm in my spaceship it's 'bout to go down
You can come along and bring a friend
Let's all be friends, all be friends.

I'm lookin' down on y'all and I'm so high

I'm in my spaceship it's 'bout to go down
You can come along and bring a friend
Let's all be friends, all be friends.

Yea, baby girl, won't you pack your bags and take a trip
wit me.

You don't got to worry 'bout nothing baby it's all on me
Yea, (Yea), your friends can come too
Just leave it all up to me girl ain't no limit what it do

(I got you mama) See I been watching you my whole life

There's a lot of things in you I see I like
Girl now we are looking down 'cause we so high up in
the sky
And I promise you that this gon' be the best day of your
life

I'm lookin' down on y'all and I'm so high
I'm in my spaceship it's 'bout to go down
You can come along and bring a friend
Let's all be friends, all be friends.

I'm lookin' down on y'all and I'm so high
I'm in my spaceship it's 'bout to go down
You can come along and bring a friend
Let's all be friends, all be friends.
