"Sleepless Nights"

I don't want to be this way
Come and help me change
Back to my usual ways

I just want to go back in time
To where all of this mess started
And do it over, over once again

'Cause I cant go through this
Usual pain it's
Taking over
No I can't go through this
It's taking over me

No more sleepless nights
No more sleepless nights
You heard me
No more sleepless nights
Yeah, no more sleepless nights

If you see me sitting there
If you talk I might not hear
Just keep on going that'll be fine

Just tell me now
Don't hold it in
Don't drag it out into
Something that sucks me in
