Come on  
Come on  
You know what you like  
Come on  
You know what you want  
Come on  
You know what you like  
Come on  
You know what you want  
I wanna watch ya baby  
Show me, baby

I like the way you move  
All around  
Touch your body, baby  
I like when you move it all around  
I like the way you move  
All around  
Touch your body, baby  
I like when you move it all around  
All around  
You  
You, you blow my mind  
'cause i, really  
Really  
Really Love you

I like the way you move  
All around  
Touch your body, baby  
I like when you move it all around  
I like the way you move  
Up and down  
Touchin' your body  
I like when you move it all around  
All around

Here we go

You excite me, baby  
You do

You excite me, baby  
I wanna watch ya, baby  
All around  
All around  
All around  
All around

All around  
Touch your body, baby  
All around...
