Silence lives in the aching of my bones  
A solemn friend but he's not alone  
I got no time to listen to you  
Running is over, running is dead  
I just wanted to save the day  
But all these fucking people get in my way  
My blood shot eyes can't look away  
Running is over, running is dead

Crowd control  
No one will ever know  
Live in lies and breed with eyes  
That just wait now

Oh me, oh my, my friends  
I've said too much I've met my end  
But I'd do it all over, do it again  
Running is over, running is dead

Crowd control  
No one will ever know  
Live in lies and breed with eyes  
That just wait now

Control, you can't control me  
Control, I have all the answers  
Control, you can't control me  
Control, I have all the answers for you

Sucked down  
Sucked down  
Sucked down
