I was walking ugliness
With pride down the hall
Past kings and critics
Passed the eyes behind the wall
And there's a home in this heart,
There's a war inside my mind
You'll find me buried in between
Beneath the sands of time
Now you know
Now you know

The mirror only shows
The shell of what's below
You can't go on suffering
And now you know
Now you know

Oh please virtue
You stay close to me now
You know I don't believe
But you could show me how
I was bathed in the moon
That was rusted in the sky
They'll tell you you can't love
What they will not define
Now it's time
Now you know

The mirror only shows
The shell of what's below
You can't go on suffering
The illusion of control
It's time for letting go
You can't go on suffering
And now you know
Now you know

I was walking ugliness
Down the hall with pride
Past priests and presidents
Past a million starving eyes

And there's a home in this heart,
There's a war inside my mind
You'll find me buried in between
Beneath the sands of time
And now you know
Now you know
Now you know
Now you know

The mirror only shows
The shell of what's below
The illusion of control
It's time for letting go
You can't go on suffering
And now you know
Now you know
Now you know
Now you know
