One of us is gonna be here and  
One of us is gonna be running  
Off alone into the great unknown  
You're not me  
You're a model of freedom  
All you need are your kicks  
When you need 'em  
Come and go  
Caught that slow alright

With the one hand off the side  
We get farther away  
In the blink of an eye

And it's the time we waste  
Swallowed into space  
It's the time it takes  
To blow away

Hey you  
Yeah you gotta be leaving  
Say what you want  
What you say  
Say anything  
No one knows just how deep it goes  
We are old in your teenage tyranny  
And all you need is a hunger to feed  
I've got my own secrets though, say what?

With a heart full of mess and lore  
We are doomed but we wanted more

It's the ride we take  
The many winged escape  
It's the bough we break  
To blow away  
And we blow away

One of us is now retreating  
You knocked me down so hard  
I'm seeing a thousand stars

Come out where you are  
Cause I won't ever be caught crying  
I will not be taken lying down  
It blows into smoke

The time we waste  
Swallowed into space  
It's the time it takes to blow  
It's the ride we take  
The many winged escape  
It's the bough we break to blow  
It's the times we say  
That no one's gonna take your place  
It's a mistake  
To blow away  
We blow away
