Help me out said the minnow to the trout
I was lost and found myself swimming in your mouth
Help me chief
I've got to plans for you and me
I swear upon this riverbed
I'll help you feel young again

Not your every day circumstance
The humming bird
Taking coffee with the ants and I said
Please, I know that we're different
But we were one cell in the sea in the beginning
And what we're made of
Was all the same once
We're not that different after all

Help me up said the eagle to the duck
I've fallen from my nest so high above
Help me fly
I am too afraid try
Now saddled with a fear of heights
I'm praying you can set me right

Not your everyday circumstance
The elephant
Sharing peanuts with the rats and I said
Please I know that we're different
We were one cell in the sea in the beginning
And what we're made of was all the same once
We're not that different after all

We are tied in history
Wide-connected like a family

So please, I know that we're different
We were one cell in the sea in the beginning
And what we're made of
Was all the same once
We're all the same
We're not that different after all
