[Chorus]

I'll be cool, oh woo  
Y'all's a fool, oh woo  
I'll be cool, oh woo  
Y'all's a fool, oh woo

[Moka Only]

Why am I the one with aches and pains still taking  
trains  
Making pays, taking great leaps of faith  
I'm the world's greatest durable mammal ain't nothing  
safe  
With the "Lime Green" phantom but when face-to-face  
with the best of y'all thrown in my path  
It's hard to be the nice guy, I'd rather show you my  
wrath  
Everything's so patterned and wrinkled it's disgusting  
Plus most music today sucks trust me

I'll be cool, oh woo

[Moka Only]

But that's another issue let me rip you off of this (?)  
Cash ain't sticking, ex-girl tripping  
The next girl drive me up a wall she a chicken  
Sticking to kicking them out of my life  
It's like a sticky predicament I'm proud of my vice  
But yo, the only thing I trust is my crew the  
Battleaxe Warriors bitch I thought you knew

I'll be cool, oh woo  
Y'all's a fool, oh woo  
I'll be cool, oh woo  
Y'all's a fool, oh woo

[Moka Only]

Ain't nothing amusing about confusion  
Like who's doing what to make my shit poppers useless  
(useless)  
Certain people slept and missed the train  
When they should have just puckered up and just

kissed my brain  
I'm a full-grown genius with music  
The west coast most prolific was high producing  
Ain't nobody do shit for themselves  
We did so we sell while y'all sit on the shelves  
Ain't nothing bohemian no knowledge of elves  
Ain't cutting graffiti Kangols and Gazelles  
I used to do all that stuff, it was cool but time change  
I do it different and you still say I'm strange

I'll be cool, oh woo  
Y'all's a fool, oh woo

[Moka Only]

It's your loss  
You don't seem to realize the cost  
Living life as if your eyes are crossed  
And I ain't really surprised at all  
You could never keep your fingers crossed  
Some things just meant to be and eventually  
And if you can't deal with thatâ€¦I can't help you  
I spent tedious hours while the world sour  
The things I do just to get away from you  
Trying to pull that now or never, it's never going down  
But your crazy ass almost put me back to level ground  
(Y'all's a fool, oh woo)  
You can't trick me, telling me you did lickity-split  
I'm out clickity-click it's that simple  
Don't try to invade the planet temple  
I'm outta there without a care or my underwear

[Chorus - repeat to end]
