Lyrics (Modern Italian)
Translation

Io Isabella danzando ne prati
I Isabella dancing

Verdi della primavera
on the spring meadows

Girando e girando, cascando e cascando
Turning and turning, falling and falling

Nel mondo delle elfi sognando
Into the world of the elves dreaming

Mi prendono la mano, mi portano lontano
They take my hand and they take me far away

Mi prendono la mano, mi portano lontano
They take my hand and they take me far away
