There's war on the news and everybody's got the blues
And the light has gone from Madison's eyes
She knows that there's no hope
We're hanging from a dying rope
She knows we just can't leave anything alone

The chemical rain from a broken sky
and it falls on everyone

I'm waiting for the sun
(You can't hide from the devil)
And the funeral drum plays a requiem for the world
I'm waiting for the sun
(You can't hide from the devil)
'Cause we threw it all away for a flake of paradise

I'm waiting for the sun
I'm just waiting for the sun to come

There's nothing to redeem from your electronic dream
You don't hear much laughter round here anymore
There's just this hollow feeling under all surprise
Hey kid, I guess you gotta try on the hard line

The last dying beats of a broken heart
and they're heard by everyone

I'm waiting for the sun
(You can't hide from the devil)
And the funeral drum plays a requiem for the world
I'm waiting for the sun
(You can't hide from the devil)
'Cause we threw it all away for a flake of paradise

I'm waiting for the sun
I'm waiting for the sun
I'm just waiting for the sun to come
