and i'll give you one chance
to make this up to me
don't let this slide
i would do this for anybody
not everybody

please don't leave me second guessing what's on your
mind
'cause my thoughts tend to betray you
so now's your time

and your excuses
july just came and left
you want my forgiveness dont you?
your attempts at pitiful at best

i tried to put the past behind me
what do i get?
can't stop this hurtful haunting
????????????
i thought a lot of you

and my blood runs cold
and i wish someone would wrap their hands around my
throat
and squeeze hard to take me away from a dishonest
fate

and my blood runs cold
i wish someone would wrap their hands around my
throat
and squeeze hard to take me away from a dishonest
fate
that's one thing i can't take

and my blood runs cold
and i wish someone would wrap their hands around my
throat
and squeeze hard to take me away from a dishonest
fate
that's one thing i can't take
