There's time for you, I did why I
I've got something in mind for you
But you could tell me something more I said she was
there
And that was cool
But in here eyes she said that it was a bore
I said she got right down on my pictures mount
She hugged the ground and she made the sound
Of a hundred wives
a hundred wives
a hundred wives
a hundred wives

She was there like a hundred wives
She was helpless and she made me wise
She was there like a hundred wives
She was helpless and she made me wise
She got down on my bad attitude
She made the sound of both me and you

Scumble through the fight
But I see the clowns appear
Make it all right
Because she won't disappear

She was there like a hundred wives
She was helpless and she made me wise
She got down on my bad ass too
She made the sound of both me and you

Scumble through the fight
But I see the clowns appear
Make it all right
Because she won't disappear

She was there like a hundred wives
She was helpless and she made me rise

Baditutaday
You made my hair rushing
Made me come like a hundred wives

Get down off my face
Get down off my faith

Like a hundred wives
Like a hundred wives
Like a hundred wives
Like a hundred wives

She was there like a hundred wives
She was there like a hundred wives
