"Waiting On Your Love"

Visit "[Waiting On Your Love](#)" on MotoLyrics.com

So you want to keep me waiting
On your dreams
So you want to keep me happy
How about me

Yea I need a love to keep me true
But I gotta get my way with you

So you wanna see me shaking
Like a leaf from a tree
So you wanna be my faking
lover in disharmony

I need a love to keep me true
But I gotta get my way with you

Yea I need keep you waiting
Like a screaming bitch
Yea I need to keep you happy
How about me

Yea I cant change the world
Yea I cant change the world
Guess I cant change the world
Guess I cant change the room
Yes I cant change the truth
Yes I cant change the truth
Yes I cant change the truth
But I gotta change my mood for you

So you want to keep me waiting
On your dreams
So you want to keep me happy
How about me
