

## **Fire Theft, The "Oceans Apart"**

Visit "[Oceans Apart](#)" on MotoLyrics.com

we were talking in a field  
feet on the ground  
though my memories often fade there  
oceans apart from where you are  
comedy all opinions tied  
raise your arms and we'll lift up this sky holding stars

carry away there to your surprise  
the moment is eternal if you think you want it  
moments arise  
comedy all opinions tied  
raise your arms and we'll lift up this sky holding stars

carry away there to your surprise  
comedy our opinions tied  
raise your arms and we'll lift up this sky holding scars
