Now i know what i need to do  
Become the man i believe i am  
Now i know that i've got to try  
To become a man or lay down in the quiet

Love my girl  
Get a job  
Feed the world  
Choose a god

Is there something i should know now to make it work  
tomorrow  
Cause it's night and i fear the wolf  
He says one things but does another  
Never wanted the blood  
Oh i cant see the day  
Now that i've buried my life away  
Can i dig it out again

Believe in all the good things you keep inside  
There is no freedom in life without freedom of mind  
I find myself running from fate whether or not i'm  
hunted by circumstance  
Every day rearranging  
Wind and waves in the cool of the puget sound  
Remembering a reason to be born  
Taking back the hope that men destroy  
Don't burden your life when you can fill it up with joy  
Believe in all the good things you keep inside  
There is no freedom in life without freedom of mind  
I find myself running from fate whether or not i'm  
hunted by circumstance  
Every day rearranging

Wind and waves in the cool of the moonlit sound  
All in a cloud rumored tears of faded crowds  
Remembering a reason to be born  
Taking back the fire from the four corners  
I can't bury my life when i can fill it up with joy  
I cant bury my life when i'm lucky to have a choice

I'm not American  
I'm not European  
I'm not Russian  
I'm not Japanese  
I've been thinking about tomorrow  
Always sinking  
Always sorrow  
I'm not American  
I'm not European  
I'm not Russian  
I'm just me  
I'm just me  
I'm just me
