Ooh, flow like water through my veins
Flow to me, home to me
Home to me now, home to me

Like the swallow through my veins
Flow to me, home to me
Home to me now, home to me

Is this love? Is this love?
Is this love we must discover?
Perfect love between each other

Flow, flow like water through my veins
Flow to me, home to me
Home to me now, home to me

Like the swallow through my veins
Flow to me, home to me
Home to me

Help me find my sister, brother
Help me find my father, mother
Is this love?
Help me, help me, help me, help me
Is this love to me?
