"Light from Your Lighthouse"

When the sky is filled up with stones and heavy rain
And trouble starts sliding across the way
It's hard for me to see which road I've got to take
I know I need to find a way to leave it all behind

Let it shine on, let it shine on
Let the light from your lighthouse shine on me
Let it shine on, yeah let it shine on
Let the light from your lighthouse shine on me

When the light is filled up with storms and heavy rain
And trouble comes sliding across my mind
It's hard for me to see which road I'm gonna take
I know I need to find a way to leave it all behind

Let it shine on, let it shine on
Let the light from your lighthouse shine on me
Let it shine on, yeah let it shine on
Let the light from your lighthouse shine on me

Let it shine on, let it shine on
Let the light from your lighthouse shine on me
Let it shine on, let it shine on
Let the light from your lighthouse shine on me

Let it shine on, let it shine on
Let the light from your lighthouse shine on me
Let it shine on, let it shine on
Let the light from your lighthouse shine on me
