I saw two magpies, a girl and a boy  
One for sorrow, two for joy  
With no salutes I move away  
And long to face, face, face, face down fear

I saw two magpies, there was a girl and a boy  
One for sorrow, two for joy  
Content to cry, no more to lie  
I move away and lie in truce

Look two magpies, ooh a girl and a boy  
One for sorrow, two for joy  
Three for a girl and four for a boy  
I saw two magpies, two for joy

Content to cry, no more to lie  
In truth with you to face down fear  
Content to cry, no more to lie  
No more to lie and face down fear
