I saw a man  
He was holding the hand  
That had fired a gun at his heart  
Oh, will we live to forgive?

I saw the eyes  
And the look of surprise  
As he left an indelible mark  
Oh, will we live to forgive?

Come find release  
Go make your peace

Follow his lead  
Let the madness recede  
When we shatter the cycle of pain  
Oh, we will live to forgive

Come find release  
Go make your peace

I saw a Man  
With a hole in His hand  
Who could offer the miracle cure  
Oh, He said live, I forgive  
(Oh, He said live, I forgive)

I saw a Man  
(Oh, He said live, I forgive)  
With a hole in His hand  
(Oh, He said live, I forgive)  
Who could offer the miracle cure  
(Oh, He said live, I forgive)  
Oh, He said live, I forgive  
(Oh, He said live, I forgive)  
Oh, He said live to forgive  
(Oh, He said live to forgive)
