FROM A DISTANCE / Nanci Griffith

From a distance, the world looks blue and green,
and the snow caped mountains, white.

From a distance, the ocean meets the stream,
and the Eagle takes to fly.

From a distance, there is harmony,
and it echoes through the land,

It's the voice of hope,

It's the voice of peace,

It's the voice of every man.

From a distance, we all have enough,
and no one is in need.

There are no guns, no bombs, no diseases,
no hungry mouths to feed.

From a distance, we are instruments,
marching in a common band,

Playing songs of hope,

Playing songs of peace,

They're the songs of every man.

God is watching us, God is watching us, God is
watching us,

from a distance.

From a distance, you look like my friend,
even though we are at war.

From a distance, I can't comprehend,
what all this war is for.

From a distance, there is harmony,
and it echoes through the land,

It's the hope of hopes,

It's the love of loves,

It's the heart of every man / song of every man
